En production, la moire est disponible dans les versions suivantes :
In production Moire is available in following versions :

D581

Composition : 100% Polyester non feu (Trevira CS)

Contents : 100% Polyester fire resistant (Trevira CS)

Laize utile/*Usable width* : 140 cm

Poids/*Weight* : 249 g/ml - 178 g/m²

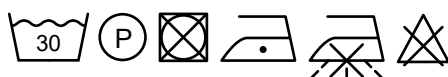

D881

Composition : 62% Polyester recyclé 38% Polyester brillant

Contents : 62% Recycled polyester 38% Shiny polyester

Laize utile/*Usable width* : 140cm

Poids/*Weight* : 249 g/ml - 178g/m²

La moire

Le moirage, savoir-faire artisanal à Lyon depuis 1870 se transmet de père en fils depuis cinq générations.
Ce procédé d'ennoblissement mécanique (sans eau ni produit chimique) apporte des effets de brillance et de matité sur le tissu.
La production est adaptée aux quantités industrielles.

The Moiré, artisanal know-how in Lyon since 1870 has been handed down from father to son for five generations.
This mechanical finishing process (without water or chemicals) allow to reveal shine and mat effects on the fabric. The production is adapted to industrial quantities.

La moire libre *Free moire*

La moire libre, avec ses vibrations irrégulières est dressée à la main.
Chaque mètre présente un dessin unique tendant à rester homogène en production.

*The free moire, with its irregular vibrations, has been driven by hand.
Each meter presents a unique pattern attending to be homogeneous in production.*

La moire tracée *Traced moire*

La moire tracée, aux dessins réguliers est disponible dans différentes dimensions.
Nos deux tailles standards :
Numéro de dessin T19 : environ 7.5 cm
Numéro de dessin T789 : environ 14.00 cm

*Traced moiré, with regular moiré pattern is available in different sizes.
Our two standard sizes :
Design number T19 : about 7.5 cm
Design number T789 : about 14.00 cm*
